To the Trade

As a grower, you know the importance of good seeds. You cannot take chances on the quality of the seed from which you expect to make your profit. Send me your order for Seeds and Bulbs — you can feel assured of receiving the very best.

I wish to thank my friends for their past business, and trust I may continue to serve you.

We expect to adhere throughout the summer to the prices quoted herein, unless some causes beyond our control requires a change, in which case we shall be governed by the market. All goods are offered subject to prior sale.

Payments: All accounts are net 30 days, or 2% discount if check is received in 10 days from date of invoice. Interest will be charged on overdue accounts.

Cash Discounts: When your remittance is enclosed with order cash discount of 5% is allowed on all orders for flower seeds.

Postage: We pay postage on all orders for flower seeds.

Small orders are welcomed gladly and receive prompt and careful attention. In return we suggest cash be enclosed.

Warranty: Though the utmost care is used in grading and selecting, we do not warrant in any way, expressed or implied, the contents or the description, purity, productiveness or any other matter of any seeds, bulbs or plants, sold by us, and we will not be in any way responsible for the crop. If the purchaser does not accept these goods on the above terms, no sale is made thereof, and he must return them at once, and money will be refunded.

A. H. Hummert.

SELECTED PETUNIAS

Good Petunias are becoming more in demand each year, the medium and dwarf varieties for bedding, and the Fringed and Double as a pot plant for Mothers Day Sales.

To grow good petunias you must have rich soil. Before sowing the seed we recommend treating the soil with hot water to kill all fungi and weed seed in the soil.

Our Petunia seeds are of the finest quality, grown by the best growers in Europe and California, from selected plants, and are hand pollenized, no matter how careful the selection, you sometimes will find a few plants which revert to the old type; these usually bloom first. This is a natural habit of petunias.
